

Naidu Consulting will constantly strive to provide Professional Engineering services promptly and efficiently. We are always mindful of our clients, stakeholders and community needs.

Safety, Health and Environmental Policy

The management of **Naidu Consulting** recognises the impact that our activities, in the fields of Civil, Structural, Water and Social Engineering; may have on people and the Environment.

Naidu Consulting shall strive to implement and maintain, as far as is reasonably practicable, the activities of the company in such a manner, as to prevent harm or damage to persons, property and the Environment. Safety, Health and the protection of the Environment will form an integral part of our planning and decision making at our organisation. We will manage our operations, in an ethical manner that strikes an appropriate and well reasoned balance between Economic, Social and Environmental needs.

WE ARE COMMITTED TO:

- Conducting our business with respect and care for people and the Environment;
- Responsible utilisation of Natural Resources;
- Continually improving our Safety, Health and Environmental performance;
- Complying, as a minimum, with all applicable legal and other agreed requirements;
- Promoting dialogue with stakeholders and other interested persons regarding Safety, Health and Environmental Improvements;
- Continually strive to apply innovation in our design approach in order to promote sustainable development.

WE WILL ACHIEVE THIS BY:

- Implementing a Safety, Health and Environmental management system;
- Informing and appropriately training all employees and others we work with on Safety, Health and Environmental matters;
- Managing projects and contractors in accordance with the established Safety, Health and Environmental management system;
- Responding effectively to Safety, Health and Environmental incidents involving our activities, products and service;
- As far as reasonably practicable, providing appropriate resources required to implement the above;
- Ensure that the Health, Safety and Environmental policy is reviewed at least annually from the effective date or by a date set by the Managing Director.
